

## Black Light Will be Seen Monday

Intriguing "Magic of Black Light," the subject of scientific research for 2000 years, will be discussed by Dr. H. T. Plumb, electrical engineer, in a public demonstration Monday at 8 p.m. in College hall, it was revealed by Dr. Carl F. Eyring, dean of the college of arts and sciences. Dr. Plumb's lecture will be presented by the university physics department.

Using expensive equipment of the latest and most scientific model available, Dr. Plumb will demonstrate ultra-violet and infra-red light rays, fluorescence, phosphorescence and other startling principles of light which have aroused much interest but of which little is generally known. The hidden beauties of invisible "black light" will be revealed.

The many experiments are not only intensely interesting, for Dr. Plumb has the rare faculty of making complicated science simple and understandable, but they are instructive and profitable to all. They are especially valuable to physicians, dentists, nurses, geologists and mining engineers, advised Dr. Eyring.

Admission will be free.

## Dr. Hansen Gives Devotional Talk

"If we as products of the twentieth century carry out into the world with its expanding concepts too narrow a concept of God, our concept may not stand the strain, but if we carry out a large and broad enough concept, we will be able to see farther and our faith in God will increase," declared Dr. George H. Hansen in the devotional period Monday in College hall.

Dr. Hansen reviewed the various concepts from the early times to the present which have attempted to explain this physical universe. He began with the concept held by the Babylonians 2500 B.C. and reviewed the ideas held by the Egyptians, Greeks, and scientists of European countries up until the present time and showed how theological concepts of the universe have conflicted with scientific concepts at various times with the result that faith in God has often been destroyed.

"In the early days people feared natural law that if these laws were discovered, it would do away with God," he said.

"We today must allow our ideas of God to expand to allow Him to serve as the author and creator of this universe, for if we carry out into the world too small a conception of God, it will not stand the test," he averred.

## Fund Heads Send Thanks to B.Y.U.

A letter and receipt have been received by Prexy Ben Lewis from the Finnish Relief Fund Inc. thanking Y students for the \$107.50 that they contributed to this cause.

In remitting the money, it was specified by our committee that none of it be used for war purposes. In reply to this request, Edmund A. Walsh, district chairman of the organization, said in his letter, "Please assure the student body of the deep gratitude of the Finnish Relief Fund, Inc. They may feel perfectly tranquil with respect to the use to which this money will be put. The Finnish Relief Fund, Inc. is specifically and exclusively devoted to the relief of the civilian population of Finland."

## Here's 'Little Man' Who Is Always In Two Places

It's a little confusing to meet yourself coming around the corner or have someone else meet you when you're not there, is the joint opinion of two B.Y.U. students this year. The boys, Thornton Y. Booth and Dale Rex have a marked similarity, which seems to be causing the confusion.

"I was reasonably certain," says Thornton, "that I didn't play on the frosh basketball team Friday, but, that's what I am told."

"And I am certain I didn't fill a British mission," says Rex, "and I've stuck to the same story every time some enthusiast has come running up to me and asked when I got back."

Both lads have brown hair, high slanted foreheads, both wear glasses when studying, and hunch their shoulders a little forward when walking, and both seem to have an affinity for dark suits which only serves to accentuate their similarity. The one distinguishing feature is a difference of three or four inches which Rex towers over Booth.

Thornton served in the British L.D.S. mission for two years and was associate editor of the Millennial Star for several months. He is now a journalist and English student, participates in debating, and is a member of the Brigadier social unit. Dale is center on the freshman basketball team, a Val Hyric and a student of physical education.

## Rich Series Offered On Lyceum

A brilliant program of seven musicians and lecturers remain on the University-Community Concert association series for the concluding weeks of the 1939-40 season. Four of these are to be heard during March and three will be heard during the month of April, states Professor John C. Swenson.

Joseph Szigeti who stands among the greatest of living violinists today will open the remainder of the series when he appears at the Provo tabernacle on Monday evening, March 4.

On Thursday, March 7, will come the joint appearance of Rudolph Ganz, guest conductor, and the B.Y.U. Symphony orchestra. Mr. Ganz, who was born in Zurich, Switzerland, has achieved an enviable reputation as pianist, conductor, and composer. He has been artistic director and president of the Chicago Musical college.

Pulitzer Winner Carl Van Doren, a current Pulitzer Prize winner as author of "Benjamin Franklin," will lecture on March 11. Mr. Van Doren was scheduled to appear last year but was forced to cancel that engagement because of ill health.

On March 13, the European situation will be analyzed in a lecture by Dr. Ethan Colton, author. Dr. Colton's return to Provo was arranged in answer to popular request by the concert association members who received his appearance of two years ago so favorably.

Artists to appear during April are Luther King, Negro tenor; Bidu Sayao, brilliant soprano; and Robert Frost, poet.

## National Blue Key Prexy Feted

Dr. John Clark Jordan, national president of Blue Key national honor fraternity, was a guest of the Blue Key members of the B.Y.U. and U.S.A.C. chapters at a luncheon in Salt Lake City Thursday afternoon.

Dr. Jordan who is dean of the graduate school of the University of Arkansas, has just made a trip down to the Pacific coast to install a new chapter at Santa Barbara state teachers college, and to officiate at a Blue Key regional convention held in Fresno last Saturday. He has been visiting the various universities in the west, and is now returning to Fayetteville, Ark.

According to Conway Sonne, president of the U.S.A.C. chapter, about ten men came down from Logan. B.Y.U. Blue Key President John Utvich says that about the same number went up from this chapter for the luncheon.

## Beards Will Be Judged At Annual Junior-Senior Dance

As a grand finale to the beard-growing contest which has resulted in a pruning of the foliage on the lower physiognomy of nearly every upperclassman on the campus, the juniors and seniors will caper at a Frontier Days "hoe-down" in the Joaquin School, Saturday night, to the music of the Columbus.

## Tuesday Poll To Survey Opinion

A poll on student attitude toward the honor tradition will be passed out at the close of religion classes on Tuesday. Gold Y members will pick up these ballots on Thursday following at the end of the religion class. Be sure to bring your ballot with you.

## Honor Committee Recommends - - -

Following weeks of research and study the honor system committee have submitted final recommendations to the student council, it was learned today from Chairman John Utvich.

The special student poll being conducted Tuesday is not intended as a 'yes or no' vote, but will be a survey of student opinion on the proposed phases of the system, informs Prexy Ben Lewis.

The proposed honor system will provide for:

1. Establishing an Honor tradition committee which will traditionate students in with B. Y. U. ideals.
2. Publication of articles in the school catalogue, Y News, School handbook, and other periodicals.
3. Discussion of student morale and honor in one religion class per quarter.
4. Cooperation by campus organizations such as the Mentors, Intersocial unit council, A. W. S. A. M. S., etc.
5. No Honor Court or tattling by students will be asked for.

## Universities Exchange Profs

The University of Maine, and Brigham Young university will exchange professors this summer. Professor Ernest Jackman, director of supervised student teaching at Maine, will come to Provo to teach classes in secondary education and guidance during the first term, beginning June 10, according to Dr. A. C. Lambert, summer session dean. In return, B. Y. U. will send Dr. Amos N. Merrill, dean of the college of education, to Crono, for the summer session of the Maine institution. This is the first exchange arrangement which has been made by B. Y. U. with a large eastern university.

Professor Jackman is an expert in educational and vocational guidance and curriculum. Besides his work at Maine, he has served as director of the demonstration high school of the West Virginia university summer session for three summers. Later he was fellow in guidance in the Bureau of Guidance and Records of the University of Wisconsin and director of Guidance for the city of Manitowoc, Wis. He has been praised for his progressive educational principles, says Lambert.

An authority in elementary education is being selected to augment the visiting instructors in the summer session. The first term will commence June 10 and end July 19. The Alpine term will follow from July 22 to August 24.

The unusual student is Jalil Mahmoudy of Teheran, Iran, whose application for registration was received Saturday by Seth T. Shaw, acting director of the extension division. With the application came a communication from Dr. Franklin S. Harris, president of B.Y.U., who is on leave of absence this year while reorganizing the Department of Agriculture for the Iranian government.

Dr. Harris explained that Mr. Mahmoudy, who is employed by the Department of Agriculture in Teheran, is unable to buy foreign exchange at this time in Iran. Consequently, he will give to Dr. Harris a rug equivalent to the value of registration fees, and the B.Y.U. president will settle the account when he returns to resume his duties at the university.

All contestants who are desirous of winning one of the many useful prizes most attend the dance and present activity cards. The prizes will be awarded according to the decisions of comely feminine judges who will decide on the texture, length, thickness, durability, attitude, and other distinctive characteristics of the individual beards.

All upperclassmen who have failed to comply with the rules will be requested to attend the freshman court which will be held in the near future. Ernie Johnson, chairman of the court, announces "Those who have endeavored to break forth into whiskers and failed will be judged as harshly as those who have exhibited open rebellion. The alibi, "Blame it on my youth," will definitely not be accepted."

## Noted Violinist Coming in March

Joseph Szigeti, the renowned Hungarian violinist who will be heard here on March 4 at the tabernacle, in the course of his twelfth consecutive American tour, has just acquired a world famous violin — the "Conte Baldeschi" Guarneri. Besides the maker's label, the violin also has another label in the Count Baldeschi's typically 17th century handwriting bearing the legend: "Proprieta del Conte Baldeschi."

Born in Budapest, Szigeti comes from a country that has produced many great violinists, such as Leopold Auer, Joachim, Remenyi, and Jeno Hubay with whom he studied after some preliminary tuition under his father and an uncle.

He made his first public appearance at thirteen at the Royal Academy of his native city. Appearance in Berlin and Dresden followed, then a debut at Queen's Hall, London, where his success was so great that he remained in England for several years to come.

In 1925 he made his first American tour, introduced by Stokowski and the Philadelphia Orchestra. Today he is acknowledged by fellow-musicians and the public of three continents as one of the greatest of living violinists.

Szigeti has become a criterion by which other performances and other music are measured and placed.

Szigeti has played with every orchestra in the East and Middle West, in one season having had the distinction of being engaged by both the Philadelphia and New York Philharmonic-Symphony Orchestras.

Outside of his career, Szigeti's hobbies are books and pictures, playing chamber music with his conferees, and his daughter, Irene. "An artist," he says, "can learn a great deal from a child, from its unspoiled outlook, its lack of prejudices in values, its truthfulness."

## A Rug for the President Buys Econ Course for Persian

In exchange for a rug, a student in far-off Persia will receive a course in economics from B.Y.U. in the most unusual barter arrangement known since the days when student brought produce to Utah schools in exchange for tuition.

The unusual student is Jalil Mahmoudy of Teheran, Iran, whose application for registration was received Saturday by Seth T. Shaw, acting director of the extension division. With the application came a communication from Dr. Franklin S. Harris, president of B.Y.U., who is on leave of absence this year while reorganizing the Department of Agriculture for the Iranian government.

Dr. Harris explained that Mr. Mahmoudy, who is employed by the Department of Agriculture in Teheran, is unable to buy foreign exchange at this time in Iran. Consequently, he will give to Dr. Harris a rug equivalent to the value of registration fees, and the B.Y.U. president will settle

The successful students will be awarded gold pins by the Gregg department of "The Gregg Writer," monthly publication which sponsors the speed tests.

This number of students is an increase of seven over the number who qualified on the same date last year, Mr. Sundwall said. They are registered in the class listed as Office Practice 16, "Advanced Shorthand Transcription and Speed Building."

The qualifying of the twelve students brings the total of 120 word writers to seventeen, the instructor reported. Thirty-five members of the class have already surpassed the 100 word mark, he said, with eighteen of these reaching this point in the February test.

Those who wrote qualifying transcripts in the 120 word test are: Gladys Dixon, Marjorie Dabbling, Roma Christensen, Beulah Rhodes, Helen Knollmueller, Elaine Wilson, Geneva Wilson, Helen Tew, Marjorie Jensen, Olive Marie Nielsen, Marion Davis, and Sarah Barton.

## 'Everywoman' Next Drama Here

"Everywoman" by Walter Browne has been selected as the fourth production of the drama season by Dr. T. Earl Pardoe, chairman of the speech department. The play will be staged March 7, 8, and 9 in College hall.

The drama is a modern morality play using a theme similar to that of "Everyman," noted morality play of medieval times which was presented here two years ago.

Smith, editor, from the Journalism department of the eastern institution, which is sponsoring a press conference for high schools and colleges in eastern Pennsylvania from February 26 to March 1. Along with the 'Y' News were sent copies of the 'Wye,' quarterly literary publication at B.Y.U.

# Cougars Battle Utes In Titanic Scrap Here Tonight

**Scrappy Cougars Trip Aggies, 49-43 For Fifth Victory Of Year**

By Dee Chipman

Revenge was sweet for Brigham Young Cougars Saturday night after their decisive victory over the routed Utah Aggies. After leading most of the way, B. Y. U. put on a brilliant spurt to finish the game on the long end of a 49-43 score. The 'Y' team lost to the same Aggie team the week before at Logan.

## Cougars Outfight Aggies

The game was a rough and tumble affair, both teams sending two men to the showers for excessive fouling. Aggies, with their fast, open style of play and their air-tight defense put on a colorful show, but it was the Cougar fight and determination that won the ball game. The teams were evenly matched, but continual fighting spirit and the will to win earned for the B. Y. U. team its victory.

The Aggies drew first blood and led 2-0, but the Cougars soon grabbed the lead and never relinquished it for the remainder of the game. However, the score was never more than six or seven points different; and at one point—with about five minutes to play—the Aggies came within one point of the Cougar score—39-40.

## Overly Shines

Much credit for the 'Y' victory is due little Don Overly who sparked the Cougar victory with his smooth floor work and timely scoring. Dean Gardner and Frank "Skinny" Fullmer led the Cougar scoring and offensive attack. Stan Nielsen and Bryce Christensen were important cogs in the triumph before they were ejected for four fouls. Bud Eggertsen and Glen Allen turned in splendid reserve performances.

Glen Allen plays his last game of basketball in the Women's gym for B. Y. U. tonight against Utah. Allen, a speedy center, has been a student performer for three years. He is the only senior on the squad.

## Aggie Grapplers Defeat Cougars

An invading Cougar wrestling squad, determined to avenge their defeat at the hands of Utah, was turned back in a close match Thursday, Feb. 15, Utah State winning by the score of 14 to 12. This victory gave the Aggies their second consecutive state championship. They defeated the University of Utah the week before.

The wrestlers were evenly matched as was shown by the fact that three of the matches went into overtime periods. The Aggies were successful in defending their title by winning three decisions and one fall, while the Cougars gained four falls for their 12 points. The match between Lamar McKay, Aggies and Ray Hashitani, Y, provided the ultimate winning margin, McKay winning by fall in 6 minutes with a body press.

Captain Ken Maynard, Y, 155, turned in his usual brilliant performance, decisioning Burl Hermansen. Other Cougar winners were Cloyd Woolley 165, and Stan Turley heavyweight.

## The Cougars Claw...

By Glen Snarr

### COUGARS OUTFIGHT AGGIES

There have been several theories advanced why the Cougars trounced Utah State last week, but the best and most accurate reason is that B. Y. U. outfought—and therefore outplayed—the Aggies. The Cougars were up against a real team—a smooth, high-scoring team—but by sheer determination, Young U players kept their slender lead. The Aggies could have won the game in the last four minutes if B. Y. U. hadn't had the spirit and fight to win.

### THRILLING TILT EXPECTED

Last week's game has been characterized as being the outstanding contest of the season, but tonight's clash, in our opinion, may rank as one of the best games for several years. There's no doubt that when the Cougars and Redskins battle, they put on a hotly-contested, colorful game no matter what the sport. And with third place in the Big Seven at stake and the Cougars seeking revenge, tonight's clash will be one of the best ever.

### ALLEN IN FINAL HOME GAME

Usually when B. Y. U. plays its final home game of the season, several players are finishing their careers before local fans, but tonight only one player, Glen Allen, will be playing his last game for the Cougars in the Women's gym. Allen has had an outstanding career, winning titles all three years, and is certain to be missed next year.

### 1941 HOOP CHANCES BRIGHT

The fact that only one player is graduating from the squad this year is a bright omen for next year's Cougar chances. Overly, Gardner, Fullmer, Brink, Nielsen, Christensen, Wiemer, Eggertsen, and Snow will all be back for the 1941 campaign, and with an outstanding fresh squad coming up, next year's B. Y. U. quint looks like a certain title contender.

### LEWIS PICK 1.000

Prexy Ben E. Lewis is uncanny. Last week in this column he picked every Big Seven game of the week exactly correct. If it happens again, in this conference at least, he will be classed as one of the all-time greats. While the prexy was having his field day, this column managed to get two out of four games to lower our season's average to 68 per cent.

### BIG SEVEN PREDICTIONS

Here's how we stack up on prognosticating this week in the Big Seven:

**Lewis' Predictions**  
B. Y. U. over Utah  
Colorado over Utah State  
Denver over Wyoming  
Utah Aggies over Colo. Aggies  
Utah over Denver

**Snarr's Predictions**  
B. Y. U. over Utah  
Colorado over Utah State  
Wyoming over Denver  
Utah Aggies over Colo. Aggies  
Utah over Denver

The Aggies won the state championship but it was by such close scores that this meet can go anyway and plenty of things are in store for fans before the issue is finally settled. The results of the state meet are as follows: Utah defeated B. Y. U. 20-14; Aggies defeated Utah, 14½-13½ and the Aggies tripped B. Y. U. 14-12.

**Colorful Tilt Expected As Young U Seeks Revenge Over Utes**

## Third Place at Stake In Final Home Game of Season

Brigham Young university's fighting Cougars, first step completed towards their goal of revenge, attempt to take the second and final step towards their goal tonight when they battle University of Utah hoopsters at the Women's gym in the last and what should be the outstanding home game of the season.

All the traditional color and drama that always make the Utah - B.Y.U. games exciting plus the positions of the teams in Big Seven standings and the Cougar determination for vengeance promise to make tonight's contest top previous hoop encounters between the two schools. **Cougars Determined**

Two weeks ago, the Cougars traveled to Salt Lake and Logan only to drop games at both cities. Last Saturday they settled the score with Utah State, and tonight they are determined to topple the Utes.

A victory over the Redskins would place B. Y. U. in undisputed possession of third place in the conference.

Utah brings a small, young, but exceedingly strong club to Provo. Once judged the 'wonder team' of the conference because of a triumphant tour through the middle west, the Redskins have since dropped a pair of contests to Colorado and one to Utah State, but their ranking as one of the most dangerous clubs in the loop still stands. **Utes Strong**

With such stars as Captain Nick Watts, Val Sheffield, Vaughn Bennion, Deb Smith, and Fon Johnson the Utes have a well-balanced attack and a strong defense.

The Cougars have been drilling strenuously all week in preparation for the contest and will be at full strength for the Ute invasion. Stan Nielsen, only player to come out of the Aggie game with anything resembling an injury, is in top condition. Nielsen suffered a stiff neck.

## Lineup Unchanged

Coach Eddie Kimball announced that there will probably be no changes in the lineup although most of the Cougar reserves will see action.

Dean Gardner and Frank Fullmer will be at forwards, Don Overly and Stan Nielsen will be at guards. Bryce Christensen will be at center, although Glen Allen will see considerable action at the pivot-post. It is Allen's final performance before local fans.

A preliminary game between B. Y. U. frosh and a team of all-stars will begin at 7 p. m. with the main event slated for 8:15.

## Volley Ball, Shooting Meet Scheduled

With the basketball season drawing to a close the attention is turned to the intramural volleyball tournament which begins on March 4 for both social units and the clubs. The free throw tournament also begins on that date. For the first time the intramural department is staging a free throw contest which is open to the student body with the exception of the frosh team or lettermen of the varsity. Each man receives 25 foul pitches and the ones with the highest percentages battle it out to see who is the best foul chucker in the school.

## Stutz Decisions Colorado Boxer

Howard Stutz, Brigham Young boxer, was one of six Utahns to hang up a victory in the Colorado-Utah matches at Ogden Wednesday. Stutz decisioned Vincent Piaz in the 160-pound class.

Stutz won his match in the same class two weeks ago when the Utahns invaded Denver for a tiff with the Coloradoans. At that time, Colorado won, 6-2, the same score as Utah chalked up yesterday.
